REASONS FOR ALLOWANCE

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Gibson on 05/22/2009.T

The application has been amended as follows: Withdrawn Claims 28, 29, 34-43 will be cancelled as being drawn to non-elected inventions.

2. The following is an examiner's statement of reasons for allowance: All previous rejections have been withdrawn in view of applicants arguments in the reply filed 05/05/2009. Applicants provided evidence that a radioimmunoconjugate comprising an alpha-emitting radionuclide would not be effective in treating bladder cancer and therefore there would be no motivation to combine the references provided in the 103(a) rejection set forth in the office action mailed 03/05/2009. The species requirements for an "alpha emitting radionuclide" and "chelating agent" have been withdrawn. Claims 21-27 and 30-33 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
